

Recent
Operations

By Paul Rardin

The girls in Pahokee are taking this diamond ball business seriously. I don't see why some of the men around the Lake don't organize teams. It's more fun than a barrel of monkeys. It's good exercise too. While the men are at the Legion athletic club training off pounds the girls are running bases and becoming as lithe as a contortionist.

The girls have organized a couple of teams. Christine Elliott is captain of one of them and the other is directed by Gethie Friend. Last Friday they played a regular scheduled game and Gethie's team was played and the team captained by Christine won a score of 9 to 8. Now, that the girls are getting into some vigorous practice and the deciding game will be played at some future date.

In an effort to garner a few shekels with which to buy equipment a small admission charge was made for the two regular games. I believe it was a dime they received when I putted through the gate. Wednesday the girls drew a fair sized crowd and when the tie is played off the girls are expecting a banner crowd.

Here's the starting line-up of Gethie's team Wednesday afternoon: Ruby Jane McClure, first base; Marjorie Mock, second base; Urie Lee Harden, third base; Mutt Padgett, short stop; Elizabeth Miller, right field; Dorothy Tucker, right field; Gladys Bane, left field; Earline Cone, center field; Ruby Jacobs, pitcher; Mildred Schoepf, catcher. On Christine's team the following started: Christine Elliott, first base; Ceba Jones, second base; Ruby Tucker, third base; Marjorie Mock, short stop; Virginia Gate, short field; Marie King, right field; Mildred Watkins, left field; Josephine May, left field; Mary Wilder, pitcher; Ethel Flynn, catcher. A change in Gethie's line-up in the fifth saw the girls replacing Ruby Jacobs as pitcher.

The diamond ball bug struck the aggregation about three weeks ago and up until this time very few of the girls had ever participated in the game. However, the practice once a week period, they are gradually whipping themselves into shape and before long will be ready to challenge a little outside of town. Plans now call for playing a series of three games with the outfit representing Okeechobee.

There are a few players who are afraid they'll ruin the ball they hit it too hard. While there are others who stand up to the plate and swing with a mighty determination to sock it out of the park. To date there have been no lost balls from being hit over the fence. One of the noticeable things in practice is the grunting and growling all the players bend over to field balls. They complain a lot about having chagrins but all of this will be overcome as they get more used to the strenuous exercise.

If I didn't have my heart set on living a long-time I'd tell you about the best players in the group. You see, the ten out of twenty who would make a cracker jack good team to play outside of town. But I had my chance to manage the team and I'll sit by and watch results. Anyway, my hair is getting thin and I can't afford to lose any of it. Therefore I won't put my thoughts in print.

I will say one thing. If that group of girls continue to practice and take the game seriously it won't be long until they can play in an excellent state league when they will be furnished a lot of interesting and enjoyable amusement if you'll turn a dime in the hat and give them the gate to witness one of these games. It's good clean fun and every one who takes the game seriously will enjoy it. So without less, I'll sit by and watch other when a game is scheduled it is a little hard to see as an umpire to handle the game. I don't know if I'll be of course, I have a good idea. Raymond Christian, general Ford-asked for an excuse to skip the game Wednesday.

1000 Acres
To Be Planted
By Sept. 5thEstimate Shows That 200
Acres Will Be Planted
By Saturday Night

Planting is under way in the Lake region this week. Several farmers are planting small plots of beans and a conservative estimate yesterday showed that about 200 acres will be planted by tomorrow night. Growers do not need anxious this year as they were last to get in early plantings.

A survey made yesterday leads one to believe that about 1,000 acres of beans will be planted by September 5th. With favorable weather conditions offerings from this 1,000-acre planting should be ready for market during the middle of October.

Activity in the Lake region is picking up considerably this week and an air of pleasantness prevails among seedmen, growers and brokers. When planting starts in unusually excellent spirit, as friendliness seems to permeate the air in this section. Seedmen are happy over sales, growers are pleased with plantings, brokers are content to anticipate a good yield and profitable prices.

Railroad men are coming back to this section this week. Several have come in during the past three or four days and are busy connecting shippers in an effort to secure patronage for their railroads.

Stuart Road Will
Undergo Repairs8 1/2 Mile Stretch of
Narrow Road Will Be
Rebuilt

(Stuart Daily News)
The state road department is going to rebuild the Stuart road and improve the highway between Stuart and Port Mayaca, gate to the rich Everglades section.

According to a legal notice, published in the Stuart Daily News last Monday, the state is planning for an improvement of an 8 1/2 mile stretch of the highway west of the Seaboard Air Line bridge at Indian River. Approximately 7 miles of the highway from Port Mayaca west to the Indian River and given a sand-surfaced road, and a 1/2 mile gap of bad road will remain between this improvement and the new project.

The new road will stretch from the Seaboard crossing of St. Lucie canal to Palm City Loop road crossing leading to Arundel bridge. This will leave a second gap from Stuart to the Loop road, which will be the best of the road to date. The best of repair, is in much better shape than the 8 1/2 miles being improved. The section slated for improvement was hazardous to traffic because of its narrow width and dangerous sand shoulders.

According to Martin county representatives in touch with the situation, the move fore-shadows eventual improvement of the entire highway, a Martin county goal for many years.

WISCONSIN MOTHER

R. P. Fletcher, proprietor of the Pioneer Drug store in Pahokee, arrived home Monday afternoon after spending the week end in Fletcher, Fla., with his mother who is critically ill. Mrs. Fletcher is 84 years old and has been ill for several weeks. Her condition was reported by Dr. Fletcher to be a bit improved.

SUBSCRIPTION
NOTICE

If you are interested in receiving this newspaper during the coming farming season in order to keep up with everything, take a look at the date on your subscription label and see how you stand. If you happen to be in arrears with your payment, send a check in the mail.

During the past summer this office has not mailed out subscriptions, believing that the payments would be forthcoming sooner or later. However, our judgment has gone haywire again. So, should you fail to receive the paper next week, you'll know the reason—your subscription has expired.

Chinese Student
Tours Cane RegionPehi-Ping Ho Visits Canal
Point and Belle Glade
Stations

Japanese guns may be booming and airplanes may be dropping bombs on Shanghai in an effort to destroy Chinese civilization but Pehi-Ping Ho, a Chinese student at the University of California at Berkeley, is taking a tour of the cane fields in the Lake Okeechobee region as part of his research work. He is taking a tour of the cane fields in the Lake Okeechobee region as part of his research work. He is taking a tour of the cane fields in the Lake Okeechobee region as part of his research work.

Young Ho is a graduate of Lingnan College at Canton and has spent his government to the Louisiana state to learn the American way of growing and cross-breeding cane. He arrived in the cane fields of this district during the past few weeks has visited expert stations at Gainesville, Orlando, Lake Alfred and Wauson Haven where he made mental notes on the citrus industry.

The representative of the Chinese government could speak English when he arrived in America a few months ago. However, his associations and his earnest desire to learn he now can express himself in rather a fluent manner. After visiting the United States and the Florida Experiment Station at Belle Glade he will proceed to Cuba where further study will be made of the cane growing industry.

FAREWELL PARTY

The Misses Frances Elam, Jane Sims and Mada Harrington entertained a farewell party at Miss Mada Harrington's home honoring J. S. Barwick, who is moving to Georgia. The party was given by Mrs. Elam, Evelyn Weathering, Joe Tom Boynton, J. W. Jones, Gerald Jones, Jack Fowler, and the honoree J. S. Barwick.

CARD OF THANKS

I wish to thank all of my friends for the kindness shown during the death of my beloved wife. The kind words and expressions of sympathy will not be forgotten. I am grateful to those who sent beautiful floral offerings. All these kind deeds will ever be remembered by me.

L. T. CRENSHAW, Jr.

Plant Small Area
South Shore Lake

Farming operations are getting under way in the South Shore Lake region. Knight & Company, who are farming the old 200-acre asparagus plantation east of South Shore Lake, have begun the work to rock, remove the land and have it plowed ready to plant. Planting is also installing, in addition to the automatic electric pump, a large auxiliary pump to take care of excess water in case of an emergency.

J. C. Campbell is mole draining his farming tract adjacent to the South Shore Lake. He is installing a small tractor and others will plant this coming week although farming operations in general are just getting started.

Football Eleven
Will Go To CampHobson Has Returned;
Will Take 30 Boys to
Flaming Arrow

With the coming of September and the opening of school sports enthusiasts in the Lake region are beginning to think of foot ball. Boys who are seeking a place on the Pahokee high school football team are also thinking in terms of the pigskin.

Frank Hobson, athletic director, returned this week and is looking ready to go on the pre-season foot ball camp. He said last night that plans are complete to leave next Wednesday—September 8. He will take 30 boys with him to Flaming Arrow camp near Lakeland, where the team has practiced for the past several weeks.

During the past summer Coach Hobson has been attending Pahokee camp at Nashville where he studied physical education. He returns to Pahokee with an enthusiastic outlook for favorable results during the coming foot ball season. Much new material will be present when he starts fall training at Flaming Arrow next week.

Tomatoes To Lead
In St. Lucie County

Port Pierce, August 26.—Fall truck planting operations are now well under way in St. Lucie county and indications are that the acreage will be one of the biggest of recent years. Much new material will be present when he starts fall training at Flaming Arrow next week.

The bulk of the acreage, as usual, will be in tomatoes. Planting of the crop is already well under way and will have come up and the young plants are growing off in fine shape, with considerable additional planting still to be done. Cucumbers, lima beans, egg-plants, peppers and other such products will also be planted in considerable quantities.

The Ideal Holding Co. will have the bulk of tomato crop and smaller acreages in other crops. Weather conditions so far have been favorable to planting and growing.

Shirley Sells Building
To Glades Mercantile

The building occupied by the Pahokee Automotive and Electrical works on the Belle Glade road, owned by L. L. Shirley, was sold to the Glades Mercantile company this week. Joe Alderman and A. E. Gocio are proprietors of the Glades Mercantile company. They are renovating and redecorating the building and will have it ready for business by the end of the month.

Escapes Death At
Light Plant Curve

Frank Haines of Lake Harbor, who was injured in a head-on collision with a truck north of here, had the narrowest escape from death he yet experienced on a trip to Pahokee the last of the week. Rounding the light plant curve south of Pahokee he met the truck and the crossing. He was able to stop and hold his car steady although the engine ripped off his front bumper and every part of the front of his machine.

Mr. Haines, in relating the experience, stated that he thought a warning light should be installed at this crossing which is perfectly blind or else a watchman should be immediately stationed at this dangerous place. He said that he had been the scene of several fatal car accidents in the past. He pointed out that at no place on his long trip had any such a warning light been encountered where the public was not protected by an "X" of crossing, an up-down, a warning light or a watchman, and he feels that the Everglades should take equally good care of the traveling public on this important highway.

Bois and turpentine got their make of "mud" stored" from their early importance in the construction of wooden ships, points out the State Chamber of Commerce.

\$50.00 CASH FOR A SNAPSHOT

Do you have a camera? Here's your chance to win \$50.00 in cash. There are no strings attached. You don't have to buy or sell anything.

Just take a snapshot of any subject to your liking. Have the finished product in the office of The Everglades News not later than noon Saturday, September 18. If you can't bring the picture—mail it. Be sure the name of the subject is written plainly on the back of the picture. Don't fail to write your name and address plainly on a separate piece of paper and enclose it with the snapshot.

Maybe a picture of little sister, little brother, an automobile accident, a playful pup, a string of black bass, a bathing beauty—most anything—may be the winner. The prize winning snapshot will be published in this newspaper in the issue of Sept. 24th. All snapshots entered become the property of The Everglades News. Judges will decide on the one winning snapshot and their decision will be final.

VINEGAR BEND
WORK IS STARTED

A dragline is now on the ground at a dragline bend between South Bay and Belle Glade to start work on the project of straightening out the canal, which has been the scene of a number of accidents and several deaths in the last few months. Two nephews of H. Borer left their lives at this point last winter when the trailer to their truck left the road over turning the truck and killing both young men instantly.

The Aucter Company have now completed over three miles of this road grade and are moving down the canal at the rate of 100 feet a week. This makes the road for ten miles or more south of South Bay passable for traffic via Okeechobee and gives residents hopes of being able to travel to Miami via this route at a day not too far distant, as it is understood that when the contract now let are completed, there will be a road of less than 20 miles of this highway still to be completed before the road can be opened.

Manly Art of Self
Defense Proving
Popular in GladesLegion Athletic Club in
Pahokee Has Growing
List of Members

Put up your dukes! Don't hit so hard! Fair folks below the belt! When I'm out of wind! These and various other expressions are being heard at the Legion Athletic Club in Pahokee where, tired, almost worn-out business men are making an effort to keep in good physical trim. It was all brought about by the establishment of the Legion Athletic Club under the direction of Mr. Miller.

Of course, if one doesn't want to go in for boxing he can take other things up like swimming or on the rowing machine. There are smaller exercising machines for the tenderfoot. However, the members of the club who go outside all the time and get plenty of exercise would rather indulge in the art of countering with the stick. Some of the other workouts.

Clarence Bailey, Pahokee realtor, and no child in weight, took on a short course of boxing the other afternoon. Clarence says he would like to reduce just a few pounds and believes the boxing route is the one to take to get into perfect physical trim.

B. Elliott has been training vigorously since April and has won several prizes in the county mere shadow (135 pounds) when he started he has gained 24 pounds. (Continued on Page 4)

Announcements In
B. G. Council Race

Four residents of Belle Glade have made known their intention of making the race for a seat on the Town Council. The election is scheduled to take place on Tuesday, September 14. Date of election was changed at a special election held on August 3. Heretofore, annual elections were held in April.

L. C. Betner, Frank L. Franz, Arnold E. Kirchman and Hubert Chubb are the candidates who have announced for the four council seats. Seats made vacant by the expiration of the terms of C. Betner, Frank L. Franz and C. A. Thompson will be filled as will the one made vacant by Arthur W. Haines, who resigned last week in order to run for Mayor.

H. T. Holloway is the only remaining hold-over councilman.

First Air Mail Out
Of Lake Region Today

This is air mail week. Plans have been made by G. B. Carr, West Palm Beach postmaster, to have a special plane visit the Lake Region this afternoon to pick up any mail sent out of the plane is scheduled to arrive in Belle Glade at 3 p. m. where it will pick up mail dispatched from Belle Glade and Pahokee.

New Jewelry Store
Opens in PahokeeJordon Jewelry Store Open
For Business Next to
Inlow Smoke Shop

A new and up-to-date jewelry store is open and ready for business in Pahokee today. Mr. and Mrs. Paul J. Jordan, formerly of Avon Park and St. Petersburg, announce the opening today of their new establishment in the building next door to Inlow's Smoke Shop.

During the past four and one-half years the Jordans have lived in St. Petersburg and St. Petersburg was connected with Owen and Cotter, one of the South's largest jewelry concerns. They lived in Avon Park before going to St. Petersburg. The new citizens, with their son Dale, have moved into one of the cottages owned by Mrs. Ora W. Power.

Mr. Jordan started yesterday that a new and up-to-date line of jewelry be purchased. The store will stock the new store. Earrings will be featured and a line of silverware will also be carried. He said a small stock of diamonds will be on display.

In the repair department Mr. Jordan will specialize on watch and jewelry repairing work. He has had considerable experience in this line and is offering the new service at moderate prices. An invitation is extended to citizens of this community to visit the store and see the display of attractive articles direct from America's largest manufacturers.

Attends Wedding
Broward Sheriff

Joe Lee Woods has returned to his home in Lake Harbor from Jacksonville where he was a guest at the wedding of Sheriff Walter Reed Clark of Broward County and Miss Mary F. Potts of Panama City on Friday, August 20 at the Riverside Methodist Church. Mr. Woods' reports a large group of friends and relatives who were Gov. and Mrs. Fred P. Cone, Sheriff Clark is a colonel on Gov. Cone's staff and the newly married couple will be in the city for a few days before they leave for their trip to Cleveland to visit the Exposition. Quite a number of sheriffs were in attendance at the wedding. Mr. Woods is a member of the Broward Sheriff's Association.

Glades Aviator Is
Home For Season

Z. A. Geiger, Pahokee aviator and dust spreader extraordinary, arrived home Tuesday evening after spending the summer in northern states where he piloted towns and cities and spent several days carrying passengers on sight-seeing trips. Geiger was born and spent in South Georgia where some time he spent visiting relatives. On the trip home Tuesday from Douglas, Georgia, he was accompanied by a co-pilot and a co-pilot. He was a mere shadow (135 pounds) when he started he has gained 24 pounds. (Continued on Page 4)

Frost Service
Arranged For
Lake SectionNew District Weather Bu-
reau Will Be Located
at Belle Glade

Grovers in the Lake Okeechobee region will be kept constantly informed of approaching frosts this season under the new set-up of the federal frost-warning service. A new district bureau will be set up in Belle Glade along with new stations at Homestead, Gladesville and Deland.

Homestead and Gladesville sites are to be commissioned as needed in the other new districts. The volunteer observer, in charge of these attached instruments—thermometers and thermographs—will report readings daily during emergencies and weekly during the remainder of the four months—November 1 through March 31—the frost-warning service operates.

Some key points, however, will be reported (Continued on Page 4)

Offer Poinciana
Seedlings FreeWest Palm Beach Group
Will Distribute Them
in Upper Glades

Appointed as the delegate of the local garden club, Mrs. T. M. Dechman of Canal Point met this week at the Pahokee town hall with a committee from West Palm Beach that is promoting the planting of poinciana trees in the upper Glades. The committee from the east coast included "Dad" Howard, superintendent of parks in West Palm Beach, Editor A. B. Rouse of the Palm Beach Post, President Brower of the Palm Beach Gardeners association, and Mr. W. M. Munn, county agent.

Residents of the upper Glades are asked to join in this drive for the planting of poinciana trees in the upper Glades. The committee from the east coast included "Dad" Howard, superintendent of parks in West Palm Beach, Editor A. B. Rouse of the Palm Beach Post, President Brower of the Palm Beach Gardeners association, and Mr. W. M. Munn, county agent.

Persons in the Canal Point-Pahokee district who will plant and care for seedlings can leave orders with Mrs. Dechman, who will forward the request to West Palm Beach.

Royal poincianas bloom just about the time the east-coast tourist season is ending; the object of the drive is to give residents a chance to give reason why tourists should stay a little longer—to see the magnificence of poinciana bloom.

Vacation Bible School
Has Good Attendance

The Canal Point daily vacation Bible school opened Monday morning with 87 children in attendance, varying in age from four to 17. This number did not include the 15 adult workers who are so busy giving their time to the work.

Mrs. C. B. Jones is the general superintendent and has worked very hard to make the first four months making plans for the school. Mrs. W. P. Joragan is assisting as superintendent of the benevolent department, including children through eight years of age. Miss Katherine Taylor and Miss Sarah Everett are teachers in the primary department. Mrs. Harry Cross, Mrs. J. M. Watson and Mrs. Earl Maxson are teachers in the primary department. Mrs. E. W. Watson is present. (Continued on Page 4)

Pahoee and PERSONALS Canal Point Society

Mrs. Juanita Lee will return to her home in Marianna Monday after spending several days as the guest of her sisters, Mrs. J. V. Thomas and Mrs. Luke Fraser and their families.

Mr. and Mrs. E. E. Carter, Oklawaha City, have arrived in Pahoee and are making their home in the Stacey apartment.

Mrs. Walt Chaney spent Wednesday in West Palm Beach with Mr. Chaney who is a patient in Good Samaritan hospital there.

Mr. and Mrs. Gene Burton have returned to their home in Tampa after visiting Mrs. Burton's daughter and family, Mr. and Mrs. B. Elliott of Pahoee.

Mr. and Mrs. C. L. Wilder and son, Carney, visited Mrs. Wilder's mother, Mrs. A. Holmes, in West Palm Beach Tuesday. They were accompanied by Sonny Jacobs, Mrs. Wilder's nephew, who has been their guest.

Mr. and Mrs. Grady Boynton have returned from Ochlocknee and Thomasville, Ga., where they visited relatives. They also visited Mr. Boynton's sister and family, Mr. and Mrs. Preston Napp, in Sarasota, Fla.

Mr. and Mrs. Gene Barwick, who spend the summer in Cairo, returned to Canal Point Sunday. They were accompanied by Joe Tom Boynton, who also visited relatives in Georgia. Mr. and Mrs. Barwick departed again Tuesday for Cairo, where they will reside.

Mr. and Mrs. Martindale of San Antonio, Texas, have arrived in Pahoee, where they will reside.

Mrs. B. Levens and daughters, Opal and Doris, have returned to their home in Pahoee after visiting relatives in Miami.

Mrs. Charles Kenyon has re-

turned to her home in Miami after visiting relatives in Pahoee.

Mrs. Charles Lovorn is spending the week in Daytona Beach with a group of friends who have been coming on the beach for several weeks.

Mrs. Frances Green has returned to her home in Gainesville after spending several days in Canal Point as a guest of her sister, Mrs. Louis Davis, and Mr. Davis.

Mrs. Frank Brewer has returned to her home in Pahoee after spending the summer in Indiana and North Carolina. While visiting in Indianapolis Mrs. Brewer underwent an operation for appendicitis.

After leaving the hospital she went to Brewster, N. C., where she spent several weeks before coming on to Pahoee.

Mrs. C. A. Bailey and children visited in St. Cloud this week where Mrs. Bailey transacted business.

FLORIDA FACTS

The United States Coast Guard, the airlines and police have eleven radio stations each in Florida, declares the State Chamber of Commerce.

Five thousand bales of Sea Island Cotton will be produced in Florida this year, the State Chamber says has been estimated by authorities.

Portions of Florida's historic King's Highway are still used in the road we today know as U. S. No. 1, points out the State Chamber of Commerce.

Gas Tax Squabble Causes More Talk Of Extra Session

Polk County Solon Sides With Comptroller Lee In Argument

Lakeland, Aug. 26 (FNS)—Representations from the announcement made by Comptroller J. M. Lee that the special acts passed by the last legislature diverting gas tax funds for the benefit of county funds were unlawful and refusing to issue further orders for the payment of the tax allocations to the several counties, have been heard throughout the state.

At first there were threats of calling a special session of the legislature, then several counties filed suits in the supreme court to force the comptroller to make the payments.

Representative J. P. Marchant, Lakeland's member of the Polk county delegation to the legislature, comes out with a statement defending the comptroller's action. He states that he sees no reason for the calling of a special session of the legislature.

"It has been generally recognized," he says "that these special acts were all unconstitutional, and would be so declared if and when presented to the supreme court. It could only be a matter of some time before their validity would be questioned by someone. The comptroller has seen fit to do this, and the people of the state should back him up in it. The question is not only one of legal, but also moral right. The diversion of the gasoline tax moneys by the counties for operating expenses is inequitable and unjust."

"In the event these special acts are declared unconstitutional, I see no reason for calling a special session of the legislature. The counties should work out their problems by making a sufficient levy on the taxable property in their jurisdiction."

"I have also been reliably informed that the state may reasonably expect to have sufficient income for operating purposes between now and the next regular session."

Vacation Bible School—

charge of the music. The Junior department includes Mrs. M. P. George, Mrs. G. L. Sims, Mrs. M. A. Soper with Mrs. Sims as pianist. The intermediate department is in charge of Rev. S. J. Jordan and Mrs. Jordan. The adult department is taught by Rev. M. A. Soper. Mrs. Ponce McDonald is the able general secretary.

The second day 122 children were present and on the third day 133 were registered. Yesterday 150 were on the roll. The school is sponsored by the churches of the community. Parents are invited to attend the opening exercises any morning.

Frost Service—

(Continued from page 1)

report daily for forecast purposes. Homestead will receive temperatures daily from Perrine, Davie, Pompano and Deep Lake. Belle Glade, from Pahoee, Clewiston, Moore Haven and Cornwell. Deland, probably from Stuart and Ocala. Gainesville's stations have not been chosen as yet.

Two complete forecasts will be issued daily from Lakeland, at 11 a. m. and 5 p. m. The service also will begin publication this season of a special bulletin for shippers, issued daily by mail from Lakeland.

This bulletin will contain temperature records and forecasts for principal Midwest and Eastern markets, and temperatures in the competing citrus and truck states, such as California and Texas.

11,619 Persons To Receive Checks Averaging \$14.37 During August

Jacksonville, Aug. 26 (FNS)—Eight hundred seventy-nine persons have been added to the old age assistance rolls during the past month, according to C. C. Coltrington, State Welfare Commissioner.

Checks amounting to \$166,985.90 will be mailed out to 11,619 persons on or about August 27. The July payments amounted to \$152,000.90, and checks were received by 10,835 persons. Approximately 100 persons who received payments in July are not on the August rolls due to death and changes in their eligibility status.

District boards and staffs were enthusiastically commended by Commissioner Coltrington for their work on old age assistance cases during the past month. In addition to completing investigations and approving 879 new applications, the district boards reviewed a large majority of the 10,838 of old cases, the commissioner said. Several boards, he stated, held all day and even night sessions to consider cases.

"It is an understatement to say

that I am extremely gratified over this accomplishment of the district boards and staffs," the commissioner declared. "The review of the old cases is a tremendous job in itself. Also, we were swamped with thousands of new applications, and until the last few days, all district offices were understaffed. Many new workers have been added in the past two weeks, but a large percent of these were loaned from the ground up."

As a result of the review of old cases and the fact that matching state funds are more adequate than were funds supplied by the counties, the average payment for August will be approximately \$14.37, as against \$11.06 in July, the commissioner added. Monthly payments have been increased in a large number of the old cases where it was clearly evident that former allotments were inadequate to "provide reasonable subsistence compatible with decency and health." The review of old cases will be continued until all have been examined, Coltrington said.

private practice before he appears at the athletic club.

Legion officials believe that the club will be self sustaining since a small admission charge is made for membership. Other equipment will be ordered as the roster of members grows. Anyway, if you are interested in taking off a few pounds or adding a few, it might be a good idea to visit the Legion pavilion for a few evenings. Hot and cold showers are available after the workouts.

Florida was the base for more than two and a half million miles of air-travel to South Atlantic islands and South American countries during 1936, according to the Florida Chamber of Commerce.

Florida has two of the major naval stores' ports of the world, observes the State Chamber. They are Jacksonville and Pensacola.

Roan production in Florida last year amounted to 425,000 barrels, valued at about \$6,500,000, says the Florida State Chamber of Commerce.

Athletes Enlisted Against Tuberculosis

Nanking, Aug. 26.—In an effort to cut China's annual tuberculosis death rate of 1,600,000, welfare organizations here have embarked on a spectacular campaign. Exhibitions, posters and newspaper ads are being used.

Since six percent of the nation's 400,000 high school students suffer from the white plague, the education ministry, as its share in the campaign, has instituted a program of compulsory athletics. Extensive outdoor study has fostered the disease, officials believe. They have ordered all schools closed at 3 p. m.

WAKE UP!

WAKE UP and Live!

Wake up to new enjoyment... to the happiness and pleasure of a new way of living... for now you can have the dozens of modern, labor-saving electrical services you've always wanted and have them for an average cost that is 24 per cent less than it was in 1933. It's startling, but true! Electric rates are lower in history in the communities we serve. Cost of household electric service has decreased more than 24 per cent since 1933... while food and clothing for instance, have increased an average of 30.3 per cent in Florida.

Wake up! Enjoy life! Keep happy and live longer by using MORE electric service.

FLORIDA FACT CHART

FOOD and CLOTHING UP 30.3%

ELECTRIC SERVICE DOWN 24%

WAKE UP! ENJOY LIFE! KEEP HAPPY AND LIVE LONGER BY USING MORE ELECTRIC SERVICE.
